ARTIST: The **R**apresentative

The **R**apresentative is an amateur, a lover. In that he rapresents everybody's unconscious urge. Going forward, encountering their corniness & brilliant glory, he informs them into an everlasting trance, the glorious unfolding of passionate limitless energy. If you're in it, good for you!

ALBUM: „**T**ake**K**now**G**arage“

The garage is a place of honest hand-made creativity. This means wellness, especially if you're from Merdingen. Take what you know, turn on to Techno, never take „no“!

The Rapresentative plays „RapMaster“, a Macintosh software toy, with Macintosh & realtime samples & real instruments. Mastering with GarageBand & Steinberg Clean. All tracks © by The Rapresentative Mike Schaefer
